Holders of Beer, Wine or Liquor Licenses Must Publish A Notice

The Alcoholic Beverage Control Law, which became effective July 1, 1934, provides that every person procuring a license MUST publish a notice of the granting thereof in a newspaper once a week for two successive weeks. The first publication of such notice must occur within 15 days after the granting of such license.

Once again it is time to publish notice of the license. Holders of beer licenses are renewing their permits.

Licensees are required by law to publish notice of the license even though license has been held and notice published the year before. Under the law, obtaining a license to continue in the business is held to be a new license which requires publication. Failure to publish makes the licenses liable for violation of the law.

USE THE ENTERPRISE. Insert your notice in this newspaper. OUR RATES ARE REASONABLE.

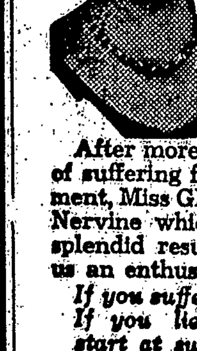
"Nerves" "NERVES" "Nerves"



Dr. Miles NERVINE "Did the work" says Miss Glivar

WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nervine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves." If you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and $1.00.

DR. MILES' NERVINE

Classified Ads

ONE CENT A WORD

No "ad" for less than 25 cents. All classified advertising should be paid for in advance. If not paid for in advance, 5 cents will be added for sending bill.

'Keyed' Advertisements

The Altamont Enterprise wishes to call the attention of classified advertisers to its new rates on keyed ads appearing in the classified column. Classified advertisers know that ads are inserted at the minimum rate of 25 cents an ad, and a cent a word additional for each word over 25. And if the same ad is to appear the following week, a cent a word is charged, regardless of the number of words.

But, for advertisers who wish to employ the use of a box number, the Enterprise has found it necessary to charge 15 cents more than the usual cost of the ad. This charge is to defray the expense of forwarding letters to advertisers, and for the extra work caused in this office.

House has all modern improvements and consists of 14 rooms, heated by steam heat. It would take pages to explain all the features of this farm. Why not see it? This farm must be seen to be appreciated. It must be sold at a sacrifice price. Do not miss this rare opportunity. Owners, Ciraolo and Mantarro, Western Ave., Albany R. D. 1. Phone 2-5605. 52-2t

FOR SALE—Farmall tractor, with plow, mower, and disc harrow. Also bay mare, 8 years old, and New Hampshire pullets, now laying, and younger ones. William K. Crounse, Altamont R. D. 3. 50-tf

SAWDUST & SPLINTERS

VOL. IX JULY 15, 1938 No. 5

There is no other way to gain and hold a true friend than by being a true friend

Recently we received the following letter — and here 'tis:—

Dear Sir:—

We want our NEW HOME to be COMFORTABLE the year around. No cold north rooms, drafty floors or uneven temperature in the winter, or hot bedrooms in the summer.

—It must be EASY TO KEEP UP. We can't afford high fuel bills, or expensive repairs.

—QUIET, rooms where noise from the kitchen, bath, or basement won't disturb people in other parts of the house. And we don't want floors that creak or drop away from the baseboards.

—We'd like GOOD LOOKING walls in all the rooms, without having to worry about cracked plaster or discolorations, if we can have them reasonably.

—EASILY CLEANED walls would be nice in kitchen, bath, and children's playroom. We want all space to be USABLE, because we can't afford to waste any room. We're ready to build if you can give us the kind of home we want.

Yours truly,
Mr. and Mrs. ....

And we meet these demands With the INSULITE WALL OF PROTECTION

MR. FARMER:—

Agricultural authorities state that a cow produces $38.00 worth of manure per year, but that half of this value is in the liquid. If you just throw it out in an open pit, or barnyard pile, you lose $19.00 per year per cow. A covered concrete pit with concrete floor will prevent these losses and will pay for itself quickly out of increased profits.

Also why not a concrete sloping floor in your stalls and stables, so that cleaning out your barn is less disagreeable?

Your hogs are working for you—manufacturing pork, bacon and hams which should add to your annual profit. But they are healthier, grow fatter and make better profits if given plenty of sunlight, fresh air, and dry, clean quarters. A modern HOG-HOUSE is a sound, money-making investment.

Does your milk-house keep your milk sweet, clean, and low in bacteria count? If not, get busy and see us — we're always at your service.

Sincerely,

DELMAR LUMBER & BUILDERS' SUPPLY
INCORPORATED
PHONE 9-968 DELMAR, N. Y.
